

Morningstar Managed Model Managed Funds List

Date: 19 April 2018

The Managed Models referred to in this document may invest in managed funds. The managed funds that may currently be held in the Morningstar Managed Models are listed below. To download the Product Disclosure Statement for any of the managed funds go to our website, netwealth.com.au/ManagedAccountForms. This document is taken to be included in the Managed Account Product Disclosure Statement ('PDS') issued by Netwealth. You should consider all parts of and all of the documents referred to in the PDS that are relevant to you before making an investment decision.

Before you invest using a Managed Model that can invest in managed funds, you must be given and read the current product disclosure statement for any managed funds that may be included in the Managed Model.

To use the Managed Account, you must first apply to open a Netwealth platform account. If you have appointed your adviser as your adviser representative in relation to your platform account, your adviser representative offers to act as your agent to receive on your behalf any documents relating to any of the assets acquired or held in your managed account and provide this information to you. By completing the Application, you accept your adviser representative's offer and appoint your adviser representative as your agent authorised to receive such documents. We agree to ensure that your adviser representative (in their capacity as your agent) receives the current product disclosure statement for any managed funds included in your managed account before those managed funds are acquired for you. Your financial adviser should give you the current product disclosure statements for those managed funds.

Asset Class	Managed fund name	APIR code
Australian equities	Morningstar Australian Shares Fund	INT0022AU
International equities	Morningstar International Shares (Unhedged) Fund	INT0052AU
	Morningstar International Shares (Hedged) Fund	INT0050AU

Where the Morningstar Managed Models include any of the Morningstar managed funds listed above, Morningstar will not charge management fees on any units in those managed funds that are held in your managed account. These units can only be transferred out of your managed account with the express agreement of Morningstar. If you cease to have an allocation to the Morningstar Managed Models or you transfer units held in these managed funds out of your managed account, this waiver of management fees in Morningstar managed funds will cease to apply from that time.
