We have arrangements with other issuers of financial products and services for the payment of benefits to us that might reasonably be expected to be capable of influencing us in providing our financial services. These are detailed below.

Fees you pay to us

If you use Wealth Accelerator, Russell Investments Wealth Series or Russell Investments Portfolio Service and, if you invest in one or more of our managed investment schemes through a Netwealth Platform Product, we receive the fees that you pay in relation to the services we provide to you in connection with the product(s). In addition, certain investment product issuers may agree to rebate part of their fees in relation to amounts invested in their products through Netwealth Platform Products or the Netwealth Managed Account. This includes rebates of at least 0.10% p.a. for products that participate in the Investor Rewards program described in the disclosure documents for the Netwealth Platform Products. These

amounts are passed on to investors and are not retained by us.

Payments we receive from insurers

We receive administration fees from insurers who provide life insurance through the Netwealth Platform Products. These fees are detailed in the disclosure documents for the Netwealth Platform Products. These fees are paid by the insurer for providing services to the insurer in relation to the insurance policies under an administration agreement. This is not an additional charge to you and is paid to us by the insurer.

Payments we receive from other product or service providers

Where we provide distribution, administration and/or custody services to other financial product or service providers we may receive fees from those providers. They are generally calculated as a percentage of the funds or assets to which the service we provide relates. These fees are paid by the product or service providers and are not an additional charge to you.

Payments to advisers and AFSL holders

If you agree an advice fee with your financial adviser for services provided by them (or the AFSL holder they represent) in relation to your interest in Netwealth Platform Products, you can instruct us to deduct these advice fees from your Netwealth Platform Product cash account and pay them to the AFSL holder your financial adviser represents. You can instruct us to terminate any or all of the advice fees at any time. If you do not instruct us to pay advice fees, then no advice fees are charged.

In addition to the advice fees described above, we may from time to time provide benefits such as research assistance or training to a financial adviser or the AFSL holder they represent. The cost of hosting, sponsoring or providing any such benefits is paid out of our funds.

A financial adviser or the AFSL holder they represent may also hold shares in our parent company, NGL, as a result of previous arrangements which may have had reference to the sales the adviser or AFSL holder historically generated in our various products. The costs of any such benefit were borne by the shareholders of the relevant company as at the time the benefit was given, and are not an additional cost to you. Your financial adviser can provide you, on

request, with further details or explanation of any interests described above.

We have arrangements with certain AFSL holders to facilitate the payment of portfolio management fees or investment consultant fees. These fees are agreed between you and an AFSL holder who provides you with investment management or consulting services in relation to your Netwealth Platform Product account. You can instruct us to deduct these fees from your Netwealth Platform Product cash account and pay them to the AFSL holder. You can instruct us to terminate any or all of the portfolio management fees or investment consultant fees at any time. If you do not instruct us to pay these fees, then no such fees are charged.

Payments to and from our related parties

NGL is our parent company. We pay a subsidiary of NGL, Netwealth Group Services Pty Ltd ('NGS'), for delivering various services in relation to our financial products and services. These include providing administration, management, information technology and other services. NGS does not provide general or personal advice and does not hold an AFSL.

If you use NSMF the fees that you pay in relation to NSMF are paid to NSS. These fees are described in detail in the PDS for NSMF. NSS pays fees to Netwealth for the services that Netwealth provides to NSS in relation to NSMF. These fees are paid to us from NSS's own resources and are not an additional cost to you. The following fees are paid by NSS to us in relation to NSMF:

- administration fees which are equal to 95% of the administration fees charged by NSS to members of NSMF; and

In our role as administrator appointed by NSS in relation to NSMF, we retain all or part of the interest earned on members' cash accounts. The amount retained is described in the PDS.

However, fees or other benefits paid to us may indirectly benefit Employees and their respective associates. For example, if we achieve certain financial performance objectives, a short term or long-term incentive may be payable to those Employees involved in assisting us to achieve these objectives. Short and long-term incentives may consist of bonus payments and/or allocations of shares, rights or options to acquire shares in NGL.

Our directors and the employees and directors of our related bodies corporate and their respective associates may also hold shares in our parent company, NGL (including where shares have been given in connection with an employee's employment status or performance), and they may indirectly benefit from fees and other benefits received by us through enhancement in the value of their shares in our parent company or through income derived from those shares.

those provided by the product provider for the investors investing directly in that product. If you have a complaint in relation to a product that you have invested in through NSMF, NWS or the Russell Investments Portfolio Service, we will assist you in attempting to resolve your complaint with the product provider by contacting the product provider on your behalf and, where necessary, providing information about your investment in the product to the product provider.

If you have a margin loan linked to investments held in an NWS account or a Russell Investments Portfolio Service account, the terms and conditions governing that loan arrangement are as agreed between you and the lender. If you have a complaint about the margin loan, you must deal directly with the lender using the dispute resolution system described in the lender's Financial Services Guide. We will assist you in dealing with the lender by providing you with contact details for the lender and information about the investments affected by the margin loan. However, we have no control over and are not responsible for the actions (or inaction) of any lender in responding to a complaint.

Complaints about insurance

If you have an insurance policy linked to NWS or the Russell Investments Portfolio Service using 'LifeWRAP' (which is described in the disclosure documents for the Netwealth Platform Product), you have entered this policy directly with the insurer. If you have a complaint about the insurance policy, you must deal directly with the insurer using the dispute resolution procedure described in the insurer's product disclosure statement. We will assist you in dealing with the insurer by providing you with contact details for the insurer and information about the payment of premiums. However, we have no control over, and are not responsible for, the actions (or inaction) of any insurer in responding to a complaint.

Complaints about advice from your adviser

If you have a complaint about advice that you have received from your financial adviser, you need to contact the adviser or the AFSL holder they represent. The financial services guide provided by your adviser should outline their dispute resolution procedure. We are not responsible for your financial adviser, the advice that they provide or their actions (or inaction) in responding to a complaint.
