## Netwealth Global Specialist Series ('GSS')

We are writing to you because you currently have an investment in the Netwealth Global Bond Index Fund (the 'Fund') through your Netwealth account and we have updated the Product Disclosure Statement for the Fund ('PDS').

The new PDS, dated 7 April 2020, includes a change to the minimum suggested investment timeframe for the Fund from 3 years to 5 years.

The change was made to ensure consistency with common industry practice for investments of this nature and consistency with the timeframe suggested by the underlying fund manager.

Of note, the description of the investment strategy and how your funds are invested has not changed.

**This letter is provided for your information and you are not required to take any action.**
